Baylor Scott & White McClinton Cancer Center

The first comprehensive cancer facility to serve Waco recently celebrated its fifth year of service to our community. The BSWMCC, a community cancer center, is now well-known for high-quality cancer care with an intense focus on holistic patient care and customer service. With more than 55 team members representing 21 different healthcare disciplines, the BSWMCC team love what they do and it shows in every aspect of care.

Now in its sixth year, the Baylor Scott & White McClinton Cancer Center has a growing range of specialties, including:

- High-risk breast clinic services
- Hematology
- Outpatient infusion services
- Radiation oncology and advanced, targeted radiation therapies
- Gynecologic oncology
- Medical oncology
- Laboratory services
- High-dose radiation therapy
- Neuro-oncology
- Lymphedema services
- Counseling services
- Reconstructive surgery
